MJOBTIME WEB TRAINING

The mJobTime web application allows users to enter and review job-related information including employee and equipment time, custom daily log events, production units, per diem, equipment readings and more. Users can track GPS coordinates, compare actual hours or units to budgets, and view documents attached to the job. All this information can be entered from the jobsite via Android phones and tablets, iPhones, iPads, and laptops.

Logging In

Launch your device's web browser and browse to the address of your mJobTime web server.

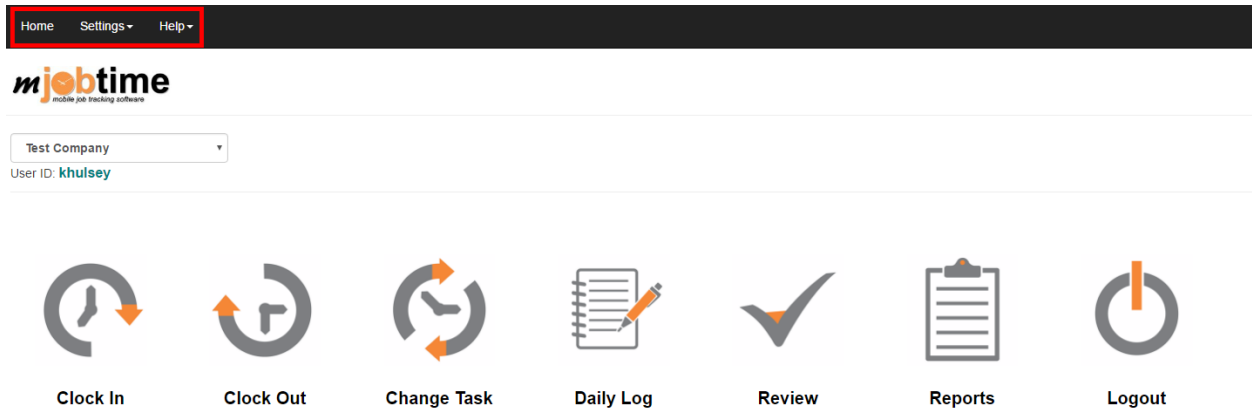

Foremen: Enter a valid mJobTime user ID and password and click Submit.

Employees: Choose the company, enter their mJobTime employee ID and personal pin number, and click Submit. With this login, the employee can view their own hours worked for the last week or two weeks.

Check the "Remember me next time" checkbox to save the login credentials.

The image displays two side-by-side screenshots of the mJobTime login interface. The left screenshot shows the 'Foreman Login' form, which includes a 'User ID' field, a 'Password' field, a 'Remember me next time' checkbox, a 'Submit' button, and a 'Forgot Your Password?' link. The right screenshot shows the 'Employee Login' form, which includes a 'Company' dropdown menu (set to 'MB Construction'), an 'Employee ID' field, a 'Pin Number' field, a 'Remember me next time' checkbox, and a 'Submit' button.

After logging in, foreman users will be presented with the main menu screen. This screen will vary depending upon which modules and options are configured for the particular foreman.

Menus

The menus at the top include:

- **Home** – Click on Home to go back to the above Home screen at any time.
- **Settings**
 - Sort Order – Choose whether to sort Employees, Jobs, Phases, etc. by ID or Description
 - Language – Choose from the available languages
 - Online Only – If you want to disable working offline, check the box next to the modules you want to disable this for.
 - View Location – View your location on a map if using GPS module
 - Clock Out Note – Choose if you would like to be able to include a note on all Clock Outs (real time entry)
 - Work Offline – By default, mJobTime will automatically switch to offline status if an Internet connection fails. This option allows you to manually choose to work offline.
Note: If this option is manually chosen, remember to change this setting when you have service again so your time cards will be sent to the server.
 - Store Timecards – Choose the amount of days you would like to store time cards on your device for viewing if you are not going to have service for an extended period of time.
Note: Clearing the cache on your device will remove time cards stored on the device. Make sure all time cards have been sent to the server first, in the event that you need to clear the cache on your device.
- **Help**
 - About – View your Web build number and browser details.
 - Online Support – Customer Support Portal
 - Send Log Data – Sends data regarding the device's browser and local storage objects to aid in troubleshooting.

There will also be a black bar at the bottom of the screen that displays your Online/Offline status on the left. This updates automatically as you lose and gain service, unless you manually choose Online Only or Work Offline options.

Real Time Entry

Clock In

Tap the  button.

The clock in process will vary depending on the options set up in the foreman record.

Individual License – If the foreman record is assigned to an individual employee, user will be directed to the Clock In screen (see page 5).

Barcode Only – If the foreman record is set for barcode scan only and the mobile device contains a built-in camera, the barcode scanner will be activated upon clicking the Clock In button.

PIN # Clock In – If the foreman record is set for PIN # clock in, a number pad will be displayed to allow PIN entry upon clicking the Clock In button.

Standard License – If the foreman has a Standard license with multiple employees assigned on their foreman record, the Employee Listing screen will be displayed.

A list of available (off clock) employees will be displayed.

- **Single Employee** - To clock in a single employee, tap the employee’s name.
- **Multiple Employees** - To clock in multiple employees, tap the appropriate check boxes and then tap the Continue button.
- **All Employees** – To clock in all employees, tap the top check box beside the “Employee” header and then the Continue button.
- **Crew** – To clock in a crew that has already been created, tap the Crews tab and select the crew.

Once you have selected an employee or a group of employees, the Clock In screen will display. Default values will appear for job, phase cost code, etc., depending on the user’s configuration. To change any value, tap anywhere on the value you wish to change and choose from the dropdown list. You can also type in any notes relevant to this clock in.

Note: Available fields and field names may vary with system configuration.

The screenshot shows the 'Clock In' interface of the mJobTime web application. At the top, there is a navigation bar with 'Home', 'Settings', and 'Help' options. Below this is the mJobTime logo. The main form is titled 'Clock In' and contains the following fields:

- Employee:** A dropdown menu showing '[2] Employees'.
- Job:** A dropdown menu showing '222 - Big Redwood Tree Hotel'.
- Cost Code:** A dropdown menu showing '030 - Drywall Labor'.
- Pay Code:** A dropdown menu showing '1 - Regular'.
- Notes:** A text input area.

At the bottom right of the form, there are two buttons: 'Cancel' and 'Clock In' (which is highlighted in blue).

Tap the Clock In button when all values are correct.

Note: If GPS is enabled, mJobTime will automatically capture the location of the device upon clock in.

Change Task

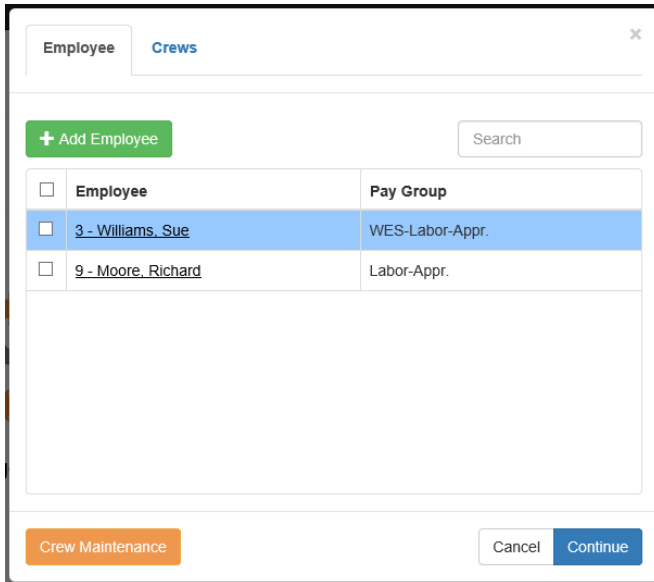

With the mJobTime web application, there is no need to clock employees out and back in when they move to a new job, cost code or task.

Tap the  button.

A list of available (on the clock) employees will be displayed.

- **Individual Employee** - To change task for an individual employee, tap the employee's name.
- **Multiple Employees** - To change task for multiple employees, tap the appropriate check boxes and then tap the Continue button.
- **Crew** – To change task for a crew that has already been created, tap the Crews tab and select the crew.

MJOBTIME WEB TRAINING

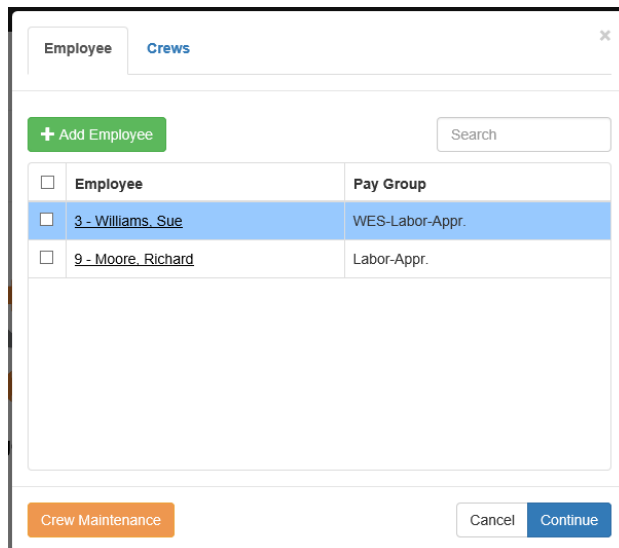

Once you have selected an employee or a group of employees, the Clock In screen will display. Follow the Clock In instructions above to clock into the new task and clock out of the old task.

Clock Out

Tap the  button.

A list of available (on the clock) employees will be displayed.

- **Single Employee** - To clock out a single employee, tap the employee's name.
- **Multiple Employees** - To clock out multiple employees, tap the appropriate check boxes and then tap the Continue button.
- **Crew** – To enter time for a crew that has already been created, tap the Crews tab and select the crew.

Manual Time Entry

Manual Time Entry is used to manually enter time instead of clocking in and out real time. The start and stop time can be entered or just hours worked, according to how the foreman record is configured.

Tap the  button.

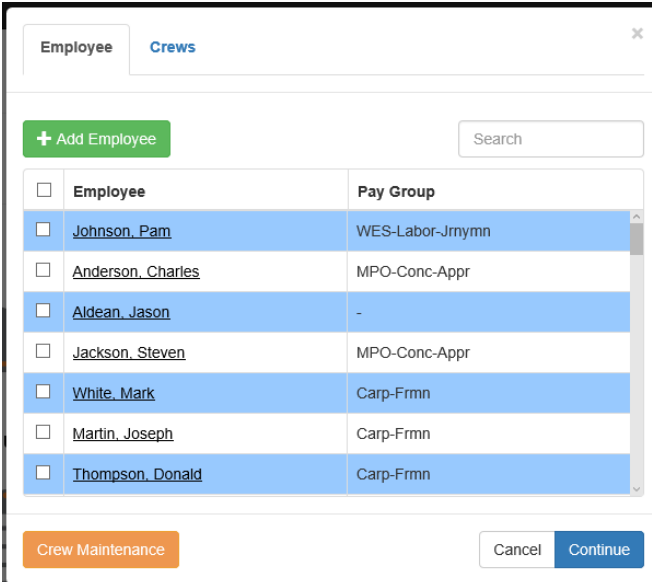

Individual License – If the foreman record is assigned to an individual employee, the user will be directed to the Enter Time screen.

PIN # Entry – If the foreman record is set for PIN entry, a number pad will be displayed to allow PIN entry upon clicking the Labor button.

Standard License – If the foreman has a Standard License and is assigned multiple employees, the Employee Listing screen will be displayed.

A list of available employees will be displayed.

- **Single Employee** - To enter time for a single employee, tap the employee’s name.
- **Multiple Employees** - To enter time for multiple employees, tap the appropriate check boxes and then tap the Continue button.
- **All Employees** – To enter time for all employees, tap the check box next to the “Employee” header.
- **Crew** – To enter time for a crew that has already been created, tap the Crews tab and select the crew.

Crew Maintenance Cancel Continue

MJOBTIME WEB TRAINING

Type in a Crew Name, select the employees to add to the crew and select the Add Crew button.

The screenshot shows a dialog box titled 'Add Crew' with buttons for 'Add Crew', 'Edit Crew', and 'Delete Crew'. Below the title bar, there is a 'Crew Name' input field containing 'Concrete Crew' and a search field. A table lists employees with checkboxes for selection. The 'Add Crew' button is highlighted with a red box.

Employee	Pay Group
<input type="checkbox"/> Smith, Robert	WES-Carp-90% Appr.
<input checked="" type="checkbox"/> Johnson, Pam	WES-Labor-Jrmyrn
<input checked="" type="checkbox"/> Williams, Sue	WES-Labor-Appr.
<input type="checkbox"/> Jones, Dave	MPO-Carp-80% Appr.
<input checked="" type="checkbox"/> Brown, Michael	WES-Carp-Jrmyrn
<input type="checkbox"/> Davis, John	MPO-Carp-Emp

To enter crew time, tap the Crew tab when you get to the employee list. Then tap the crew name to get to the Clock In/Enter Time screen.

The screenshot shows the 'Employee' screen with the 'Crews' tab selected. There is a '+ Add Employee' button and a search field. A table lists various crews and their member counts. The 'Concrete Crew' row is highlighted with a red box.

Crew ID	Member Count
<u>Concrete Crew</u>	3
<u>Day Crew</u>	3
<u>Drywall Crew</u>	3
<u>Electrical Crew</u>	4
<u>Flooring Crew</u>	6
<u>Monday Crew</u>	3
<u>Weekend Crew</u>	4
<u>Welding Crew</u>	3

Crews can also be edited or deleted by going to the Crew Maintenance button at the bottom of the list.

Review Time

mJobTime users can review and edit time records by job or employee for a range of work dates.

Tap the  button from the Home screen

A list of time records for all jobs and the current date will be displayed.

- Review a different job or date by tapping on the job field or date field(s) and choosing a new value.
- Use the Range button to quickly review time periods.
- To review records by employee instead of job, tap the By Job drop down at the top.
- Sort any column by tapping on the column header.
- To view details of a record or to edit the record, tap on the underlined field.

Note: If Approvals are enabled, the More Options button will be displayed. Approved records will be displayed in green. All other records are available for approval.

The screenshot shows the mJobTime web interface. At the top, there is a 'By Job' dropdown menu. Below it, there is a search bar for 'Job' with 'All Jobs' selected. A 'Dates range' section shows '9/14/2016' to '9/14/2016' with a 'Range' dropdown. A 'Labor' button is visible on the left. The main area contains a table with columns: Employee, EnteredBy, Job, Phase, Cost Code, Pay Code, Hours, Approved, and ID. The table lists four records for '186 - Williams Post Office' on '9/14/2016'. The 'Approved' column shows 'False' for three records and a magnifying glass icon for one. Below the table, it says 'Total Hours: 32.00'. At the bottom, there are 'Back to Home' and 'More Options-' buttons. The footer shows 'Online' and a refresh icon.

<input type="checkbox"/>	Employee	EnteredBy	Job	Phase	Cost Code	Pay Code	Hours	Approved	ID
<input type="checkbox"/>	<u>Adams, Ryan</u>	JaneS	186 - Williams Post Office	1 - Building #1	010 - General Labor	1 - Regular	8.00	False	16061708432610368.0

<input type="checkbox"/>	<u>Scott, Andrew</u>	JaneS	186 - Williams Post Office	1 - Building #1	010 - General Labor	1 - Regular	8.00	False	16061708432610358.0
<input type="checkbox"/>	<u>Green, Zachary</u>	JaneS	186 - Williams Post Office	1 - Building #1	010 - General Labor	1 - Regular	8.00	False	16061708432610363.0

Edit & Distribute Time

mJobTime allows users to edit and distribute their time records in the field if the following is true:

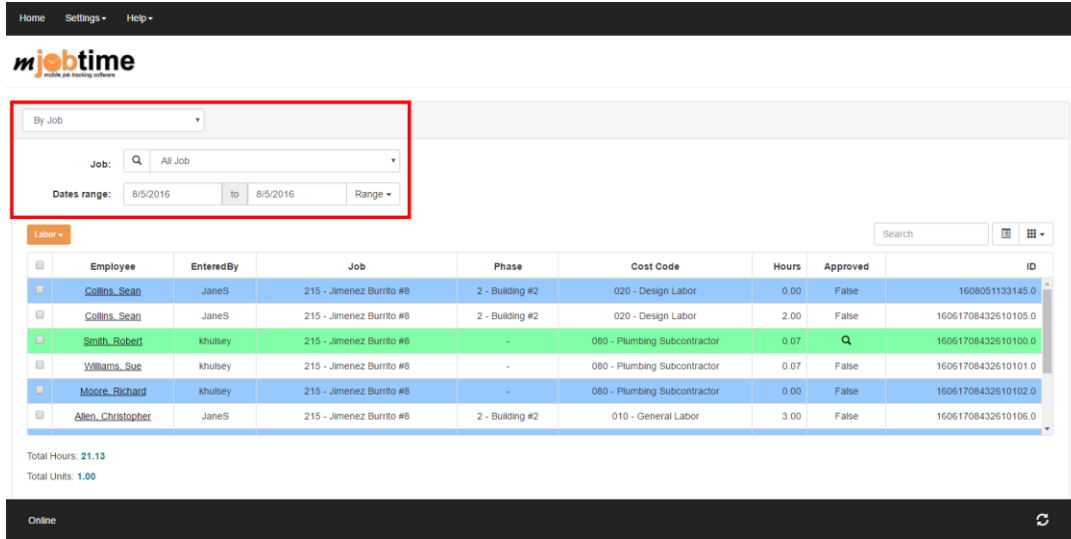

- Time Editing is enabled on the foreman record
- The record has not already been approved
- The record is not currently on the clock

MJOBTIME WEB TRAINING

Edit Records

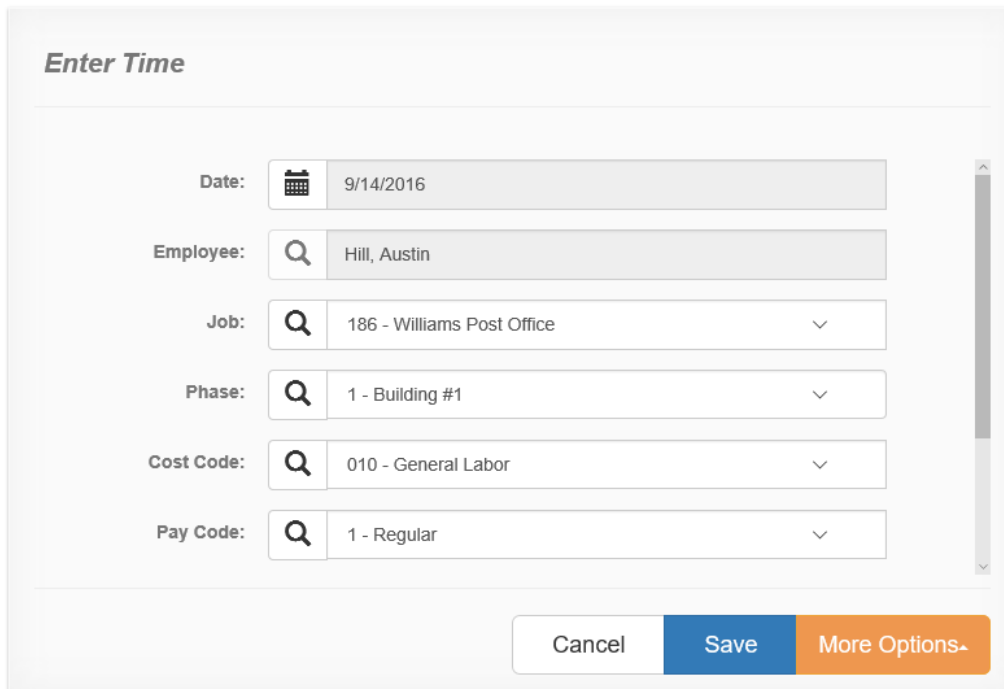

Tap on the  button from the Home screen.

Use the filters at the top to find the record(s) you want to edit.

The screenshot shows the mjobtime web interface. At the top, there are navigation links for Home, Settings, and Help. Below the logo, there are filter options: 'By Job' (a dropdown menu), 'Job:' (a search field with 'All Job' selected), and 'Dates range:' (8/5/2016 to 8/5/2016). A red box highlights these filter sections. Below the filters is a table of records with columns: Employee, EnteredBy, Job, Phase, Cost Code, Hours, Approved, and ID. The table contains several rows of data, with some rows highlighted in green and others in blue. At the bottom of the table, there are summary statistics: 'Total Hours: 21.13' and 'Total Units: 1.00'. The interface is labeled 'Online' at the bottom right.

Tap on the underlined field to open a single record. Then change any fields that are incorrect and select Save.

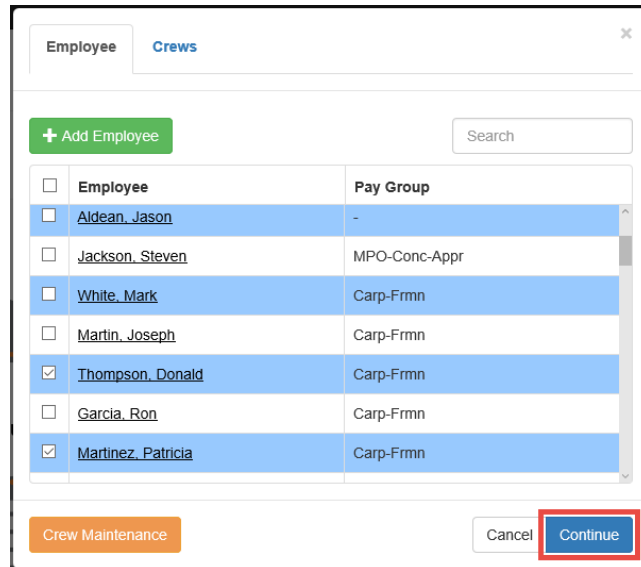

The screenshot shows the 'Enter Time' form in the mjobtime web interface. The form has a title 'Enter Time' and a search icon. Below the title are several input fields: 'Date:' (9/14/2016), 'Employee:' (Hill, Austin), 'Job:' (186 - Williams Post Office), 'Phase:' (1 - Building #1), 'Cost Code:' (010 - General Labor), and 'Pay Code:' (1 - Regular). Each field has a search icon and a dropdown arrow. At the bottom of the form are three buttons: 'Cancel', 'Save', and 'More Options-'.

Distribute Hours On Entry (Manual Time users)

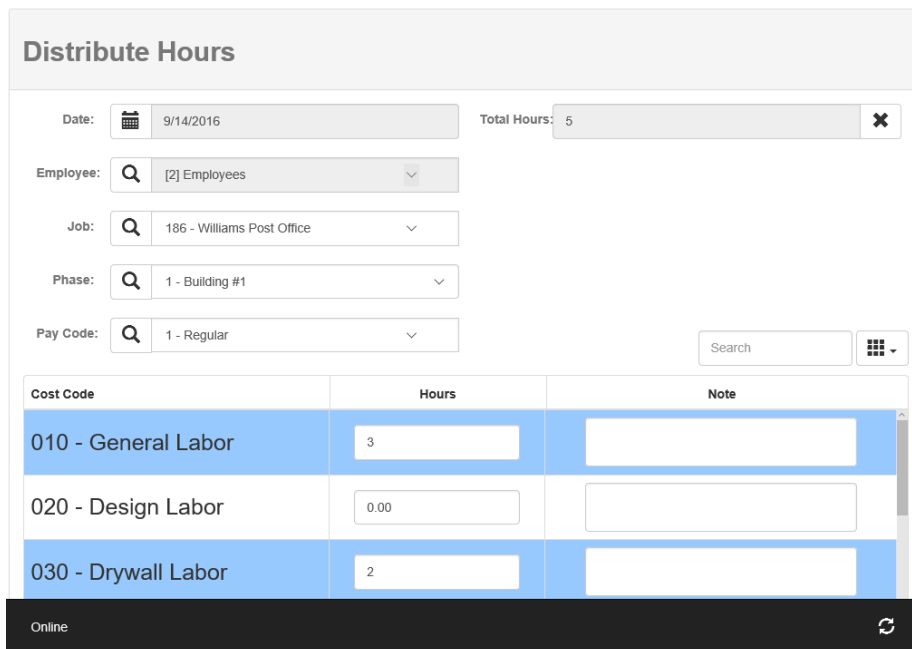

Manual time entry users can distribute time on entry to multiple jobs, phases, cost codes, etc.

Tap on the  button

Select the employee(s) you want to distribute time for and tap the Continue button.

The Distribute Hours screen will display and will include all available cost codes for the selected job.

MJOBTIME WEB TRAINING

Users can enter hours for multiple cost codes, jobs, phases and pay codes. In the following screenshot we have distributed 5 hours to two cost codes.

The screenshot shows the 'Distribute Hours' interface. At the top, the title 'Distribute Hours' is displayed. Below the title, there are several input fields: 'Date' (9/14/2016), 'Employee' ([2] Employees), 'Job' (186 - Williams Post Office), 'Phase' (1 - Building #1), and 'Pay Code' (1 - Regular). A 'Total Hours' field is highlighted with a red box and contains the value '5'. Below these fields is a table with three columns: 'Cost Code', 'Hours', and 'Note'. The table contains three rows: '010 - General Labor' with 3 hours, '020 - Design Labor' with 0.00 hours, and '030 - Drywall Labor' with 2 hours. The '010 - General Labor' and '030 - Drywall Labor' rows are highlighted with blue backgrounds and red borders. At the bottom of the form, there is a 'Search' button and a refresh icon. The footer of the form shows 'Online' and a refresh icon.

Cost Code	Hours	Note
010 - General Labor	3	
020 - Design Labor	0.00	
030 - Drywall Labor	2	

The same employee(s) worked on a different job and cost code that day, so we select that job and enter hours for the other cost code. Notice that the total hours now shows 8.

The screenshot shows the 'Distribute Hours' interface. At the top, the title 'Distribute Hours' is displayed. Below the title, there are several input fields: 'Date' (9/14/2016), 'Employee' ([2] Employees), 'Job' (201 - Trappen Motel), 'Phase' (1 - Building #1), and 'Pay Code' (1 - Regular). A 'Total Hours' field is highlighted with a red box and contains the value '8'. Below these fields is a table with three columns: 'Cost Code', 'Hours', and 'Note'. The table contains three rows: '030 - Drywall Labor' with 0.00 hours, '040 - Flooring Labor' with 3 hours, and an empty row. The '040 - Flooring Labor' row is highlighted with a blue background and a red border. At the bottom of the form, there is a 'Search' button and a refresh icon. The footer of the form shows 'Online' and a refresh icon.

Approving Time

mJobTime offers foremen and employees multiple options to approve their time records in the field:

- One click approval (foreman)
- PIN # approval (employee)
- Signature approval (employee)

The Approve button is available (More Options>Approve) when reviewing and editing records. Users can approve single records or groups of records from the Review screen. Approved records will also be displayed in green. All other records are available for approval.

Note: Once a record has been approved, it can only be edited by a user with a higher approval level.

Days:

Daily Logs

Daily logs are used to keep track of data, other than time, such as weather conditions, accidents, per diem, etc.

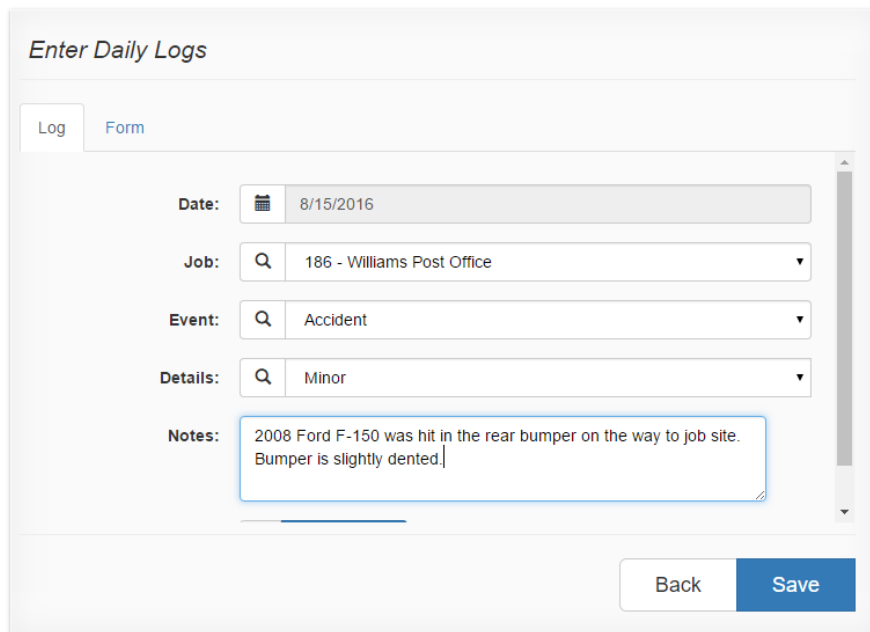

To access the Daily Log screen, select the  button.

If Daily Logs and Daily Forms are enabled, you will see a tab for each.

The screenshot shows the 'Enter Daily Logs' interface. At the top, there are two tabs: 'Log' and 'Form'. The 'Log' tab is selected and highlighted with a red rectangular box. Below the tabs, there are several input fields: 'Date' with a calendar icon and the value '8/15/2016'; 'Job' with a search icon and the value '186 - Williams Post Office'; 'Event' with a search icon and an empty dropdown; and 'Photos: (0)' with a 'Pick Image' button. At the bottom right, there are 'Back' and 'Save' buttons.

To enter a single daily log, select the date, job and event. Once the event is selected, more fields will be enabled based on how that event is configured in the desktop version of mJobTime.

The screenshot shows the 'Enter Daily Logs' interface with the 'Form' tab selected. The 'Date' field is '8/15/2016', 'Job' is '186 - Williams Post Office', 'Event' is 'Accident', and 'Details' is 'Minor'. The 'Notes' field contains the text: '2008 Ford F-150 was hit in the rear bumper on the way to job site. Bumper is slightly dented.' At the bottom right, there are 'Back' and 'Save' buttons.

MJOBOTIME WEB TRAINING

If entering a Daily Form, select the form, date and job. Then the daily log events that are assigned to that form will be enabled. To start filling out an event under that form, select the + button next to it.

Enter Daily Logs

Production

The Production screen is used to enter production numbers such as the number of windows or doors installed by a particular foreman/crew that day. The Production screen is based off of daily log events with the Production Units group assigned.

Note: This screen is based on cost codes and will only allow you to make entries for cost codes that already have time entered against them for that day.

To access the Production screen, select the  button from the Home screen.

MJOBTIME WEB TRAINING

Select the date, job and event. Then enter your quantity per cost code and Save.

Enter Production Quantities

Date:

Job:

Event:

Cost Code	Quantity
142 - Wood Doors	<input type="text" value="4"/>
152 - Skylights	<input type="text" value="2"/>

Readings

Equipment Readings is used to keep track of data such as mileage, manometer readings, etc. The Readings screen is based off of daily log events with the Equipment Readings group assigned.

Note: The Equipment Readings screen will only display equipment that you have already entered time against that day.

To access the Readings screen, select the  button from the Home screen.

Select the date, job and event. Then enter the readings for each piece of equipment.

Readings

Date:

Job:

Event:

Equipment	Readings
200 - Drott 1800CC	<input type="text" value="0.00"/>
307 - Truck 01	<input type="text" value="75482"/>
400 - Strato-Lift MRX25 #1	<input type="text" value="0.00"/>
500 - Truck 02	<input type="text" value="53447"/>

Budget

The Budget screen is used to view hours or units that have been entered and approved and how many remain against the budget.

To access the Budget screen, select the  button from the Home screen.

Select the job, hours/units and budget type to view the information.

Budgets

Budget

Hours/Units:

Budget Type:

Description	Budget	Actual	Remaining	Approved
1 - Building #1/010 - General Labor	600	164.05	435.95	11.2
1 - Building #1/020 - Design Labor	450	172.78667	277.21333	65.27
1 - Building #1/030 - Drywall Labor	300	120.41667	179.58333	48.36667

Reports

Web users have the option of viewing the time that they have input and/or have access to in a report format. There are three reports available:

- Employee Time by Job (any date range)
- Time Sheet by Employee (weekly report)
- Time Sheet By Job (weekly report)

To access reports, select the  button.

Select the report you want to generate and then use the filters at the top to choose the job/employee and date(s). Select Preview to view the report.

Note: The Annotate button will be displayed if the user record tied to the foreman has the Documents Manager module enabled.

Documents

The Documents module is used to upload documents to a specific job that can be viewed again on the web or desktop version of mJobTime.

Tap the  button from the Home screen.

Select the job you want to view or add documents to.

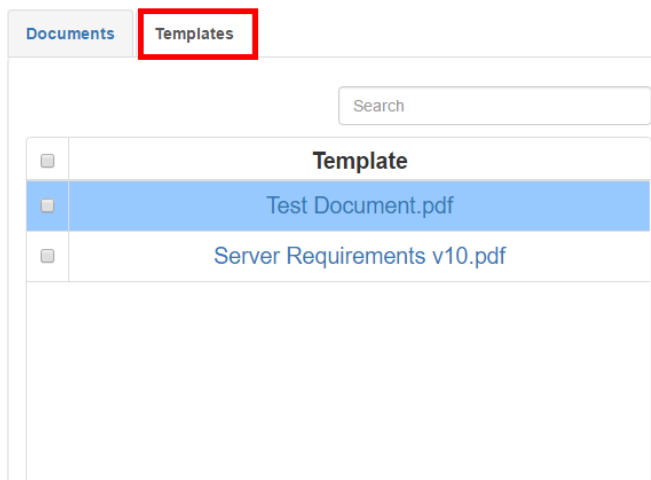

Tap on the document you want to view or tap on the Upload File button to add a document to that job.

To email a document, check the box next to it and tap the Email button.

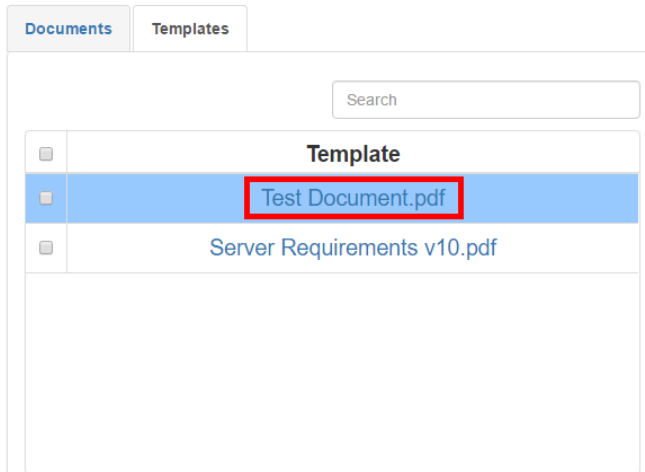

Documents Manager

If the foreman has the Documents Manager module enabled on their user license, there will be a Templates tab on the Documents screen. This allows you to annotate documents and reports.

MJOBTIME WEB TRAINING

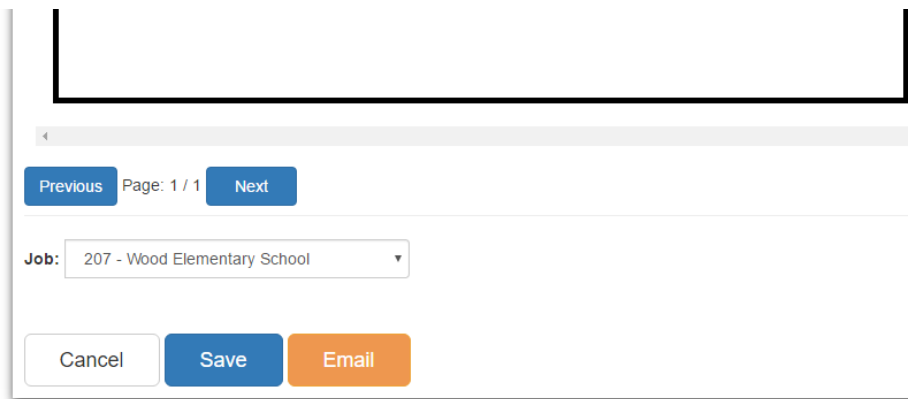

From the Documents screen, select the Templates tab and then select the document you want to annotate.

Select your color and pen size. Then annotate your document.

After you've annotated your document, choose the job you want to save it to and click the Save button.

If you'd like to view the document you just saved to the job, go back to the Documents tab and select the job.

Help

For further documentation, go to <https://mjobtime.helpdocsonline.com>. The On-Line Help Manual is constantly being updated. If you do not see the information you need posted, please contact Technical Support.

Note: You will need a Zendesk account to log in and see the manual. To request login credentials for Zendesk, send an email to Technical Support at the address below with the subject line “Support Login Request”.

To report any other issues or concerns, please contact Technical Support at:

support@mjobtime.zendesk.com

or

800-387-1109

Technical Support is available Monday through Friday 8:00am – 5:00pm **Central Time**.
