My name is Jade, and I am the HR Admin Ops at TA Woods. I handle human resources as well as the day-to-day operations to ensure things flow smoothly. Some of my main responsibilities are time and attendance, managing employee records, office duties and assisting staff with anything they may need.

I originally worked in healthcare as an occupational therapist which led to assisting the director of rehab with office management. I have always been drawn to a career path that would allow me to help others. Being a therapist taught me the importance of compassion, rapport and adaptability which plays a large role in human resources. I enjoy the environment at TA woods as well as the opportunity to work with amazing people.
